Piccini

Born from a small family enterprise of only 7 ha in 1882, but guided only by passion for winemaking transmitted from the generation to generation since the start until nowadays, Piccini has been a leader of change and innovation in Tuscany.

Today, Tenute Piccini has four separate estates in its portfolio and ranks as one of the most recognized brands of Tuscan wine in the world. The wine production of the 4 estates Piccini, Valiano, Tenuta Moraia, Villa al Cortile, summing a 400 ha in Tuscany, makes Piccini one of the biggest players in Tuscany, whose Chianti production represents between 10%-12% of the entire Chianti production.
