Weingut Winter

The estate is located in the town of Dittelsheim-Hessloch (Bereich Wonnegau) at the foot of the Kloppberg in the Rheinhessen region. Werner Winter planted Silvaner and Riesling vines here already around 1600. Since 2000 the operation is run by the young winemaker, Stefan Winter. ?With a lot of patience and only with the help of wild yeast indigenous to the vineyard, I concentrate on ephasizing the undiluted potential of the grapes.? Stefan Winter is also a founding member of the wine group "Message in a bottle", which groups around twenty young wine makers from Rheinhessen in their quest for quality and renovation.
